

# Environmental Problems

## PRESENTATION TIPS

1. You should include pictures, graphs, diagrams, videos, etc., to make your presentation more interesting and easy to understand.
2. You can include text in your slides, but you must understand what it says, and you must be able to read it fluently.
3. After you have finished:
  - Check that you have all the required elements:
    - general information,
    - tips to help solve the problem, and
    - an activity for classmates,
  - Check that there aren't any grammar or spelling mistakes in the slides.
  - Review vocabulary and get sure you know how to pronounce all words.
