

Fashion and music

PRESENTATION TIPS

1. You should include pictures, videos, etc., to make your presentation more interesting and easy to understand. And, as it is about music, why not including a song?
2. You mustn't include text in your slides, but you can write names, dates, and simple facts (you don't have to learn things by heart!).
3. After you have finished:
 - Check that you have all the required elements:
 - history,
 - people and fashion, and
 - present.
 - Check that there aren't any grammar or spelling mistakes in the slides or in the script.
 - Review vocabulary and get sure you know how to pronounce all words.
